# Truckin' Around with Amthor

## HOWDY!

We're having a great 2009 – despite the economic slowdown – and hope you are as well. At Amthor, we continue to make improvements in our product line – the improvements you tell us are needed – and to explore new product ideas. We have introduced a new ten-year warranty on our aluminum vacuum tanks,

aluminum bumper and an expanded line of petroleum manifolds. So please keep your ideas and suggestions coming. Hope you're having a wonderful summer. Everyone at Amthor thanks you for your support and business and we look forward to serving you this year and beyond.

All the best, **Butch and Alice Amthor**

## We're Named to Inc. 5000—AGAIN!

Amthor International has been named to the 2009 Inc. 5000, published annually by Inc. Magazine to celebrate the fastest-growing private companies in the United States.

"Being named to the 2008 and 2009 Inc. 5,000 is an incredible honor," stated Brian Amthor. "This

**Inc. 5000** has been made possible by the hard work of everyone at Amthor, our employees, management team and network of distributors. We are thankful for everyone's dedication and effort as we continue to grow and succeed." ▲

## Congratulations to Michele & Brian Amthor

Michele and Brian Amthor tied the knot on New Year's Eve, starting off 2009 in a wonderful way!

## Amthor Offers 10 Year Warranty on Aluminum Vacuum Tanks

Amthor now offers a standard, full 10-year leak-free warranty on our aluminum Matador vacuum tank line. Amthor tanks are designed with the thickest side shells (5/16") in the industry with full head baffles. This enables us to offer a full 10-year warranty on these reliable tanks – when you purchase an Amthor tank you have no worries for the next ten years, our tanks will still be here and so will we.

The Amthor Matador, available in three models: Matador Septic System Truck, Matador Run-About Truck and Matador Flat Vac Truck for portable restrooms – can be customized on our website at [www.AmthorInternational.com](http://www.AmthorInternational.com) and financed or leased through Horizon Financial for up to seven years. Units are available throughout North America at any of our vacuum tank distributors. ▲

## Amthor Receives International Diamond Logic Certification

Amthor International is the first tank manufacturer to be certified by International Trucks for their Diamond Logic Builder Program. This program will allow Amthor to integrate their tank components and equipment

into the chassis electrical system allowing them to implement more safety features and help the end user save money and time

from human error when running the tank equipment beyond its specified use. It will also remove certain tank equipment that won't be needed anymore due to this integration. In addition to that the Diamond Logic electrical system provides self-diagnosing intelligent modules that identify problems in the operation of a chassis, tank and equipment and at the same time help reduce overall repair troubleshooting time by as much as 80%.

## Amthor Named 2008 'Small Business Success Story'

We are very proud that Virginia Business Magazine named our company as the 2008 Small Business Success Story in their February issue. We received this award for our growth and numerous awards received – such as the Inc 5000 and Fantastic 50 – in the industry and the communities we serve. Brian Amthor accepted the award on behalf of the company on Thursday, January 29, 2009 at the University Of Virginia's Dardin School of Business. "Our success is made possible by our hard-working team and we thank everyone at Amthor for their daily efforts. We look forward to continued success in 2009 and beyond and will work closely with customers to meet their needs in these difficult economic times." ▲ Brian Amthor accepts award from Robert Powell, VA Business Magazine

## SPOTLIGHT on Werts Welding and Tank Services Inc.

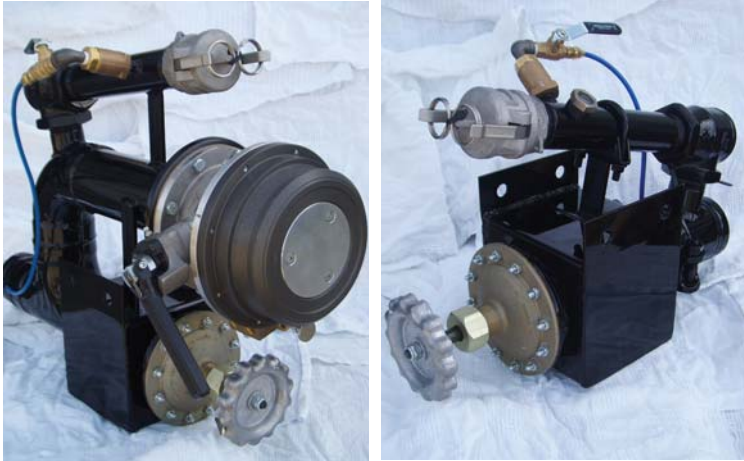

Werts Welding and Tank Service, Inc. is an international tank trailer service company specializing in pneumatic, petroleum and chemical tank trailers, as well as truck mounted tanks. Werts Welding, headquartered in Wood River, IL, ships equipment throughout the US, Canada and Mexico. Werts has six locations throughout the US in Iowa, Florida, Illinois, Alabama, Texas and Georgia.

Werts is family owned and attributes the growth of the company to the "dedication and ability of its 50+ employees – each employee is considered to be a part of the family". Butch Amthor of Amthor International said, "Werts Welding is a great family run company, just like us, and I am proud to be able to work with them as part of our family!" ▲

## Product Return and Flush Petroleum Manifolds

Amthor International has expanded their line of petroleum manifolds to now include the flush and product return option. Around the corner will be our own line of air manifolds, which is scheduled to be released later this year. Contact us for more information.

## New Aluminum Bumper for Refined Fuel and Propane Tank Truck Line

Amthor International is proud to introduce a new bumper, which is 3/8" thick and comes with a lifetime no-bend warranty. It is available in a polished and mill finish look.
